Francie Anhut: Fund-raiser for Impact on Education

Posted June 13, 2008

Cindy Sutter's article made it clear that Boulder is fortunate to have attracted Master Sommelier, Bobby Stuckey and chef, Lachlan Mackinnon-Patterson. Not only is their restaurant, Frasca Food & Wine, consistently ranked as one of Colorado's best, both Bobby and Lachlan have now individually won prestigious James Beard awards. While Bobby and Lachlan's expertise has been acknowledged- and Frasca is regularly enjoyed by leaders, people of means and visitors to our community- their accomplishments extend further. Believing in giving back and that children and education are keys to our future, Frasca annually hosts a dinner for Impact on Education that raises well over \$100,000, funding field trips, enrichment and after-school programs for economically disadvantaged students. Congratulations and thanks to Bobby and Lachlan for being much more than James Beard winners!

Francie Anhut

CEO, Impact on Education
